Stonewall
Democrats of SW Florida

Dedicated to Serving the Political and Legislative Needs of the Gay, Lesbian, Bisexual and Transgender Community

The Florida GLBT Democratic Caucus is the vehicle for our community to access Democratic candidates and elected officials, and our responsibility in that role mandates that we educate Democrats on our issues. We not only lobby Democrats in the halls of power, but we also engage these officials at the precinct level even as we walk with them door to door during elections. It is SDSWF's obligation to explain to our community how working with Democrats leads to substantial achievements. As Democrats continue to stand up for GLBT families, we must also continue to explain to them why they must also join in our fight for full equality.
